piece of code like this, prepare("SELECT * FROM `users` WHERE `email` =?");
\$query->bind_param('s', \$email); \$query->execute(); \$result = \$query->get_result(); \$row =
\$result->fetch_array(MYSQLI_ASSOC); if(\$password === \$row['password']) { \$query =
\$mysqli->prepare("SELECT * FROM `todos` WHERE `user_id` =?"); \$query->bind_param('i',
\$row['id']); \$query->execute(); \$result = \$query->get_result(); \$count = \$result->num_rows; \$row

Having problems with or questions about SheetCam? So, what is the problem exactly? Well, you have the sheetcam tng license key which is registered to your key and I cant access it. I tried to go to the folder "license.camlic" and click on the activa key but that does not work. In the documentation it said that you register the key to the license, so I thought that I registered it right. A: There are two different programs that generate license keys. The first is the one you have and it is called "Sheetcam TNG License Key Activator" (and was not exactly a "free" program). The other is located here: C:\Users\YourUserName\AppData\Local\Teamsoft and is called "Teamsoft TeamLicense". I'm not a Teamsoft user, but I would assume you want to use this one. The contents of the Teamsoft folder will be in a Teamsoft\TeamLicense subfolder. You'll need to download the free software from here. After you have this file (which is a csv file), you'll need to open it in Excel or something. This will look like this when opened: I;MSI;#30;3D Design;1.5.0.4; II;Documents-and-settings;11; K;Software-wizard;0.0.0.0; L;Teamsoft;1.0.0.0; M;Microsoft Windows;6.1.7601; N;ProductName;Softwarewizard; O;VS_ISCREATE_PRODUCT_CODE;1; P;VS_ID_PRODUCT_ID;59; Q;VS_TOKEN_ID;1; You're looking for the one that says: "Sheetcam TNG License Key Activator", right? d0c515b9f4
