Features Key:

80 cards to be used; each contains 5 cards for each character

Very simple game; can be quickly mastered by players of all ages, ages 7+

Results will be displayed immediately. Turn over a card to reveal a point score

Extremely simple to play.

How to play

Each player chooses which card they will play out of a deck of **80 cards** for each of three characters, a **Good Guy**, **Bad Guy** and **Evil Guy**.

That is: you have a five card deck for the **Good Guy** and he is card no. <card_number> in the deck.

Mythologist takes 5 cards at a time from the deck and deals them to the table, face up. Player then chooses which card to play out and place it face down on the table in front of their character.

If a player plays the "**Good Guy**" card for the first time the players total will be reset to 0.

Whenever you have played a card once it is **out of turn**, you cannot play it again. If you wish to play a new card again, that should be in your back hand.

Play continues until all cards have been played. Once all cards have been played the player with the highest score is the winner and the game ends.

Once the game starts, the player to the right of me is **Evil**, the player to my left is **Good**, and between the two of us we are **Mythologist**.

When you have played your card once, the players total is reset to 0.

Whenever you have played a card once, it is **out of turn**, you cannot play it again. If you wish to play a new card again, that should be in your back hand.

Play continues until all cards have been played.

MASKED FORCES - CRAZY MODE is an action-packed FPS that combines some of the best features from other players and adds them to a fresh gameplay experience. Masked Forces takes the most popular gameplay mechanics from other games and combines them into one all-encompassing game that feels more like a multiplayer FPS than any other game you've played. The whole game can be played solo or you can choose to play with friends online. Singleplayer lets you experience all the things that multiplayer offers and solo lets you start with a new random profile and explore the game's map by yourself. If you're an online gamer you'll love the game's unique mechanics. Players have different energy/health pools and you can choose your weapons (Grenade launcher, Assault rifle, Shotgun) and become the ultimate badass or a quick master of kill/cover play by experimenting with different tactics, mask types and camouflage colors. FEATURES FRESH GAMEPLAY: MASKED FORCES CRAZY MODE is a fresh take on FPS gameplay. The way your enemies are created and the way you are created are totally different from other games. In the game you don't need to play by the book and keep up with the enemy movement. If you want to experience crazy shooting fun you need to adapt to your surroundings. HIGH QUALITY LEVEL: The MASKED FORCES CRAZY MODE is a high quality game that is polished from all angles and is ready to be played as soon as you start playing. We are constantly updating the game with new content and adding new features to keep the game fresh. SWORD OF FRIGHT MODE: In the game you can unlock an additional 'Sword of Fright' mode. You can test your sword skills in a 1 on 1 duel and see how good you really are. A NOTE ON SINGLEPLAYER: In the game you can choose a new player profile after you have finished a mission. You can choose to play with a new start or play with your profile so you can get a feel for the game's map. SINGLEPLAYER MISSION: In the game you can tackle a special mission. These are singleplayer challenges that give you a sense of the challenges that come with playing the game. MULTIPLAYER MULTIPLE PLAYERS: Play with up to 4 players in free c9d1549cdd

The Inspector is an exciting single-screen, twin-stick, sword-wielding action-adventure game for the PC, in which you use magic and wits to save the day. "It's like Super Mario Bros., but with magic!" said Jack Walls, host of the website www.gametastic.com. "You're a smuggler with a heart of gold and a tendency toward magic. That is when you're not running from swarms of attackers, murderers or goblins. Each time you're confronted with a quest, you can pick an option that will affect the outcome. You may even get the opportunity to find hidden loot, take on thieves and gangsters, or simply slink away." About Stonedale Castle: Stonedale Castle is a four-hour campaign-based murder mystery RPG centered on the death of King Lyboc who was brutally slain in his bedroom. The game's player character, the Inspector is summoned from his career in a faraway kingdom to investigate the murder. In the process of the investigation, the player is given clues to the identity of the killer and the reason behind the crime. The player character is ultimately confronted with a second crime in the city of Grey Haven. Now, an evil shadow needs to be vanquished once and for all if the Inspector is to stop an even greater threat and thwart a far larger conspiracy. About Grey Haven: Grey Haven is a four-hour campaign-based murder mystery RPG centered on the death of Eryl Drafe, a wizard's apprentice who was found dead at the school of wizardry. Although, the player character, the Inspector is summoned from his career in a faraway kingdom to investigate the murder, the player may roam through this world at will without following a pre-planned linear storyline. The game features both an overhead view and a

first-person perspective that allows the player to see his character and environments from all angles. The Inspector will be equipped with a shield, a large sword, and a spyglass that can be used for gathering clues and solving puzzles. These items will be necessary to explore Grey Haven and prevent harm from beingfalling on the player's character. Each mission in the game is accompanied by one or more clues. The Inspector must piece together this scattered evidence to discover a potential perpetrator and the reason for the crime. The clues are often cryptic and esoteric, but by questioning witnesses or examining objects, a full picture of the story will develop. Each
