License Code 2022 [New]**

[Download](#)

Over the course of time more and more scientists discovered that the Earth is not the center of the solar system. Many far away planets are inhabited by intelligent life, where vegetables are the main food. To meet the demand for fresh food, a space transportation company has developed a new spaceship "Fruitpongel". But the ship is far from ready and on the way a lot of things can go wrong. Therefore the developers decided to test the ship before its launch. The players have the mission to assemble the incomplete spaceship, collect all equipment, repair, maintain and ship the ship on the way. The players take on the role of individual workers and will also collect the standard equipment like x-ray machines, surgical tools, autoclaves and stabilisers. They will also be able to

take a stab at the equipment and use it to save the fruitpongels. Features:

- Become the leader of a team of workers on a remote space station in the year 2050.
- Grow and maintain the outer space station.
- Manage and repair the spaceship Fruitpongel.
- Become the captain of the spaceship Fruitpongel.
- Play a powerful captain in space during the last moments before launch.
- Different types of ground vehicles: tractor, walker, scraper.
- Build your own residential area at the space station.
- Choose between two gameplay modes: adventure mode and sandbox mode.
- Become a farmer by the sea to grow fish in your own fish farm.
- Become a farmer in the middle of nowhere by building a new farm.
- Fly around the Mars, the moon, Venus, Jupiter, and Saturn.
- Experience the breathtaking landscapes of Mars and the Moon.
- Visit the wild west of the Moon or the jungle of Mars.
- Take the reins of a spaceship in the final moments before launch.
- Unlock 3 game modes: No rules! No rules, Adventure Mode and Sandbox Mode.
- Find and repair the missing parts of the spaceship Fruitpongel.
- Play in real-time: 6 players on one Xbox 360.
- Work together with a friend in cooperative modes.
- Play offline, you decide.
- No DRM!
- Play with another player.
- Play with friends - no need for account or paywall.
- Real-life feel.
- Feel the price of your made decisions!
- Meet the farmers on the island Island

What's new:

Moonrise, BEMAC's original tabletop role-playing game has been re-released as a print version on DTRPG. Objective: Run the game rules from your 2016 copy of Moonrise Base + Guildmaster's Edition. The Base Rules Expansion enables you to add new characters or adapt existing ones for adventures in any timeline, in any place and any situation within the Shadowrun universe. The supplemental rules expand upon the mechanics and give additional limitations to shadows. Some of these rules have changed some of the content so this will not be exactly like base and GM's edition. It has never been updated since it was first published in 2014, so it is already an out of date product. However, it is still a great product for past and existing players! An exact copy of the current rules, the layout, and cover. This means it even has paper sigil stickers and original DM Blanks for you to keep track and customize your game! It even includes a dry erase marker and pen and supplies to match that of either the 2016 or 2017 editions! Special Suggestions: Advance Protocols. In base and GM's edition, advanced protocols included subtle functions that were outlined in the special protocols pdf that was separate from the game rules. BEMAC encourages the user to play without this pdf, but having a pdf for special functions is helpful when playing with friends using a different version. Procedures. A procedure book to make this game easy to play if you never created a custom procedure for the game before, a list of other recommendations to help you create a good setup, what types of writing and layouts will be needed for the procedure, and even a short layout example. Special Processes. Three issues that are unique to the base rules and being marketed as Moonrise's most valuable resource. Adventures. Adventures are optional entries into the Shadowrun universe that can be played quickly as multiple scenarios. These are not adventures as in campaign backgrounds or storytelling but a brief scenario that can be played with up to 10 people at once and takes under 20 minutes. Running Moonrise from BEMAC.com: The instructions we give in game are missing really important information for running the game on BEMAC. We created a couple of videos that should help get you started if you don't know how to run our game. This products is being re-released as a PDF supplement to existing and future versions
